Arete PRIME VALUES Growth (A, EUR, I)

ethical investment fund

Investment objective

The subscription of the institutional tranche requires a verified overall investment volume of at least EUR 200.000. Arete PRIME VALUES Growth is a mixed fund which aims to achieve long-term capital growth. It therefore acquires or disposes of assets permitted by the Austrian Investment Fund Act and the fund's terms and conditions (securities, money market instruments, demand deposits, fund shares and other financial instruments) depending on the assessment of the economic and capital market situation and the stock market prospects in its investment policy.

Investment strategy

The fund invests globally in bonds and equities. The fund invests between 25% and 80% in equities as well as commodity-linked investments. A shortfall of the minimum quota may occur through the use of derivatives at the discretion of the fund manager. The fund may also invest in structured products, whereby underlyings are considered in particular as equities, commodity-linked investments and indices on the aforementioned underlyings. The calculated proportion of equities and equivalent securities or commodity-related investments must be between 25% and 80% of the fund assets in relation to the total fund assets. In addition, demand deposits or time deposits and money market instruments may be acquired with up to 49% of the fund's assets. The fund pursues an active management strategy without reference to a reference value.

Investment ethics – ethics committee

The objective of investment ethics is a safe and profitable, yet at the same time socially and environmentally responsible investment strategy, which is geared towards sustainable, entrepreneurial value creation. Within the context of the investment decision, the fund uniquely combines profound investment research with the results of an analysis of the ethics, which screen every company and every issuer in detail with regard to positive and exclusion criteria. The experts of the independent Ethics Committee monitor the compliance with the defined ethical standards on behalf of the investors.
